

SCHOOL DISTRICT 82 (COAST MOUNTAINS)

Educational Administration

2605: Vehicle Repair in Technology Education Courses

Policy

The Board of School Trustees is aware that motor vehicles may be brought onto school premises for use in Technology Education courses and that liability may be incurred by the school district, its employees, or its students in connection with licensed automobiles not owned by School District 82.

The majority of exposures are covered automatically as far as the school district and its employees are concerned under the school district's comprehensive liability policy, providing non-owned automobile liability coverage is included.

Regulations

1. In order to provide even more complete protection in the interests of both employees giving, and students taking, such automotive repair and maintenance courses, an Automobile Liability Release Form must be completed by the owner of each vehicle involved in Technology Education courses. (See attached.)

COAST MOUNTAINS SCHOOL DISTRICT

SCHOOL DISTRICT 82

AUTOMOBILE LIABILITY RELEASE FORM

NOTE: The existence of valid automobile liability insurance must be confirmed and this form completed, witnessed, and kept on file, by the Instructor in charge BEFORE any automobile NOT owned by the School District may be brought into school shops or yard for use in connection with the conduct of any course offered by this School District.
