

SCHOOL DISTRICT 82 (COAST MOUNTAINS)

Educational Administration

2700: School Telephones, Long Distance

Policy

Long distance calls from school telephones involving toll charges must be confined to school business, in order to be accepted by the Board for payment. School principals must give prior approval to all calls involving charges to the school number. Particulars of each call must be recorded in the school office.

Personal long distance calls on school telephones are discouraged. In emergency situations, persons making such calls must charge the calls to their home telephone account.
