

SCHOOL DISTRICT 82 (COAST MOUNTAINS)

Personnel

3315: Requests for Educational Services by Other Jurisdictions

Policy

The Board of School Trustees recognizes that School District 82 provides a wide variety of services to children. Some of these services are not available in independent schools, other school districts, and other educational institutions.

In order to provide these services to children under other jurisdictions, the Board will make the services of its staff available provided the needs of children in School District 82 are not prejudiced.

Regulations

1. The Board will allow personnel to provide consultative services (e.g., inservice, assistance with program development) free of charge, providing the out-of-pocket expenses of the personnel are met.
2. Direct services (e.g., assessment, therapy, instruction of children, and other extended service) will be provided on a fee-for-service basis. The fee will include the actual cost of the staff member's salary and benefits and his/her out-of-pocket expense.
3. Requests for either direct or consultative service will be granted provided that the provision of this service does not prejudice the needs of students in School District 82 (Coast Mountains).
4. Requests for consultative and for direct services should be made in writing to the Superintendent of Schools by the independent school, school board, or educational institution requesting the service.
5. The Superintendent of Schools shall be responsible for the operation of this policy.
