Finances

4600: Boarding Allowances

Policy

Where the Board has not provided school programs at the grade level required by the student, a boarding allowance may be applied for and will be paid at a rate approved by the Board as long as the student is boarding away from the family home and is attending a public school within the Province of British Columbia.

For the purpose of this policy, 'family home' means the normal residence of the student's parents for five days or more per week.

Regulations

1. The boarding allowance will be \$350.00 per month.
2. Applications must be submitted to the office of the Secretary Treasurer and must be applied for annually (see attached form).
3. Special needs students will receive boarding allowances approved under the Provincial Resources Program of the Ministry of Education, Skills and Training.
