PRINCIPAL'S MESSAGE

A lot of exciting and educational events are happening at Kitimat City High. January flew by so quickly and here we are already in February. The students have settled in and are working very hard.

BREAKFAST CLUB OF CANADA

The Breakfast Program is up and running. Thank you to all the Staff that volunteer to make breakfast weekly. We have had amazing meals..... French toast, pancakes, burritos, potato pancakes, smoothies, waffles, falafels, bacon and egggers, yoghurt parfaits and the list goes on. Remember that breakfast is served daily from 8:15 am to 9 am.

BREAKFAST WITH THE RCMP

SAWHORSE MAKING WITH DOUG BREWER

A group of eager students learned how to use basic woodworking tools to create sawhorses for KCH's workshop. We plan to build bat houses next and students who are interested can sign up soon. These bat houses will be used to attract and rehome 3 species of endangered bats to the Kitimat area. New homes for the bats are needed to replace the Cadet Hall housing which was recently demolished. The Kitimat Naturalist Club will be working with us in this project.

MAKING TRACKS

KCH students had the opportunity to “make tracks” on the South Hirsch Creek Trail on January 17th. Despite the rain that had fallen days before the hike, the sun came out and students braved the elements to snowshoe into the old wooden bridge. For some of the students, it was the first time that they had experienced snowshoeing. They were joined by Jordan, The RCMP liaison officer for KCH, and his wife. This event was an opportunity for all to get out and connect with nature and others. All returned with smiles and rosy cheeks, looking forward to the next KCH outdoor adventure.

X COUNTRY SKIING

With a full bus of first timers, anticipation was high for the KCH Nordic Ski Day of fun in the sun. Gallant leaders Patricia, Nick and Liz boldly geared up the entire regiment with generously donated rental equipment compliments of The Snow Valley Nordic Ski Club. Instructor Geoff Phillips generously gave his time as did Jim Thorne who spent hours grooming the trails. The weather couldn't have been better or the smiles bigger. Prizes, if there were any, would go to James for effort beyond the call of duty while Lukas gets the Gung Ho award for, well, being Gung Ho. After such a great day, it's no surprise most want to do it again!
