**MEETING AGENDA ITEM #11.1.2**

Action: X Information:  
Meeting: Regular Meeting Date: October 28, 2020  
Topic: **Ministry of Education Data Management 1701 Report**

**Background/Discussion:**

The attached Ministry of Education Data Management 1701 Report dated October 23, 2020 for Coast Mountains School District details the final student headcount and student Full Time Equivalent (FTE) count for funding purposes as at September 30, 2020. Public school districts were required to submit their 1701 Preliminary Reports on October 9, 2020 to the Ministry of Education.

The information collected on Form 1701 is used in the calculation of FTE students for public schools. The FTE values are then used to determine funding levels for these schools. This information is also used to monitor various enrolment trends in programs offered by the BC school system.

The Ministry of Education then processes the 1701 Preliminary data received and provides school districts with an Echo Report detailing any potential errors for resolution. School districts must then provide any resolutions by October 30, 2020 to the Ministry for the completion of the 1701 Verification Report and final sign-off.

The Business Committee reviewed the Preliminary Report at its October 14, 2020 meeting and forwards to the Board for information.

**Recommended Action:**

**THAT** the Board receive for information the Ministry of Education Data Management 1701 Report reflecting students eligible for funding as at September 30, 2020.
