The school principal may also exercise paramount authority in matters concerning the discipline of students.
- The principal shall delegate to the bus driver authority for supervising students on the buses and for initiating inappropriate/unsafe behavior notices.
- If a student contravenes a school or bus code of conduct while on a bus, they will be issued a bus notice to be taken home for the signature of a guardian and return to the school. A copy will be sent to the school principal to determine consequences, which may be a discussion with the student, in-school suspension, or bus suspension.
- Students suspended from school bus service are still expected to attend school.
- Students who have been notified of their suspension from riding on the bus are not to be refused entry to or expelled from the bus until the day following the date the Notice of Suspension was received by them.
- Bus Drivers will not remove any student at any point other than their school or home place of disembarkation. The driver may, however, refuse to allow a student to board the bus at a school.
- In the event that a student is involved in willful damage to the bus, they may be suspended from traveling on the bus at least until restitution is made.
- The school bus is to be a scent free zone.
