

SECTION 3000: FINANCES

POLICY 3045: REQUEST FOR EDUCATION SERVICES

- *Date Adopted: March 13, 2013*
 - *Date Reviewed: November 3, 2021*
-

POLICY STATEMENT

The Board will make the services of its staff available to other jurisdictions provided the needs of students in School District 82 are not prejudiced.

POLICY

The Board recognizes that School District 82 provides a wide variety of services to students. Some of these services are not available in independent schools, other school districts, and other educational institutions.

In order to provide these services to students under other jurisdictions, the Board will make the services of its staff available provided the needs of students in Coast Mountains School District are not prejudiced.

REGULATIONS

1. The Board will allow personnel to provide consultative services (e.g., in-service, assistance with program development and/or specialized services).
2. The fee will be reimbursement of the cost of a teacher teaching on call (TTOC) for the staff member. The other jurisdiction is responsible for providing the out-of-pocket expenses of the personnel.
3. Direct services (e.g., assessment, therapy, instruction of students, and other extended service) will be provided on a fee-for-service basis. The other jurisdiction is responsible for providing the out-of-pocket expenses of the personnel.
4. Requests for either direct or consultative service will be granted provided that the provision of this service does not prejudice the needs of students in Coast Mountains School District.
5. Requests for consultative and for direct services should be made in writing to the Superintendent of Schools by the independent school, school board, or educational institution requesting the service.
